This case is being formally assigned to you. The City of Detroit has requested EPA's assistance in removing hazardous substances from this site. You will be expected to follow through on the evaluation and complete a removal site assessment by February 25, 1998. The attached Removal Enforcement Checklist must be completed and submitted with the initial funding request for all non-emergency cleanup actions. The Agency must be able to account for this project, so keep me posted on your progress. If you have any problems or need some help, please let me know right away.

Thank you.
